Participants, parents and carers

Participants, parents and carers are responsible for upholding the Code of conduct that relates to them and reporting a concern through the necessary process (see above).

5. Reporting a concern

What is a Safeguarding Concern?

A safeguarding concern is something that has been raised or brought to your attention regarding a child or young person being harmed or it might relate to their well-being or health of a child or young person. It may also be a concern regarding a coach, consultant or volunteer and their behaviour around young people or adults at risk.

Please refer to our 'How to report a concern or allegation' booklet available on our website.

www.bhs.org.uk/safeguarding

If you are unsure on whether it is something you can deal with yourself or if it does need referring on, then please call the BHS for further advice and information.

6. Position of Trust and abuse of trust

LMDBA Equestrian Access Group is aware of the definition of an adult who is in a position of trust. *For the purpose of working within the Equestrian Industry those who regularly teach, train, supervise or have sole charge of the child are in a position of trust.*

Sexual activity between an adult in a position of trust and a child is deemed to be an abuse of trust and is unlawful. LMDBA Equestrian Access Group ensures all coaches, consultants and volunteers are aware of positions of authority/trust in relation to children and young people. Our codes of conduct we make them aware that they must not engage in sexual relationships with under 18s.

7. Record keeping and confidentiality

When recording a safeguarding concern, it is important that the information is clear, concise and a true representation of the concerns. In some instances, it may be necessary to share information with Children's Social Care, the Police, the Local Authority Designated Officer and British Equestrian hence the necessity for making detailed records at the time of the disclosure. Information should be factual and should include the following:

- The facts about the allegation or observation.
- A description of any visible injuries or signs.
- The child's account, if this has been disclosed, of what has happened and how any injuries occurred.
- Any witnesses to the incident(s).
- Any times, dates or other relevant information.
- A clear distinction between what is fact, opinion or hearsay.
- A record of any non-verbal behaviours.
- Action taken as a result of the concern.
- The name, address and date of birth of those involved.

Please note: Where possible you should include the relevant dates, times, situation, people present and factual information, including the dates, times and designation of the report writer. The record must then be signed with the name and designation clearly printed beneath. This record should be shared with the BHS immediately, ensuring that the sharing is done securely. You should encrypt the email if you can or password protect any documents/attachments and mark the email as Private and Confidential – FAO Safeguarding Lead. Do not use a general or group mail address if at all possible.

Keep your record secure. Do not allow anyone access to it unless they have a specific need to do so. Make sure the device and file storage you use is secure and accessible only by those who have appropriate training in managing personal data.

For guidance on how long to keep records please see Guidance on Retention and Storage of Child Protection Records which can be found in the BEF Toolkit and on the BEF website.

8. Information Sharing

Information sharing is vital in identifying and tackling all forms of abuse and neglect and promoting the welfare of the child. As part of meeting a child's needs, it is important for all stakeholders to recognise the importance of information sharing. This should include ensuring arrangements are in place that set out clearly the processes and principles for sharing information between the centre and any referring school or agency, including low level concerns that may not warrant immediate action but that could form a pattern. Staff should be proactive in sharing information as early as possible to help identify, assess and respond to risks or concerns about the safety and welfare of children.

In order to protect children, young people and adults at risk the BHS at times will need to disclose to appropriate agencies, such as the Police and other relevant third parties' details regarding a safeguarding concern. Please see the *Sharing Information Processes Document*

9. Communication

LMDBA Equestrian Access Group will make available their Safeguarding Policy and Procedures to all members and their parents/carers and it will appear in full on LMDBA Equestrian Access Group website (once available).

10. Training

LMDBA commit to using Accredited Instructors/coaches working to work with children as they must undertake the BEF approved safeguarding training (or recognised equivalent) course within the last 3 years. Refresher training must be completed every three years via either the BEF approved online training portal or a further face to face course.

11. Criminal Record checks and safer recruiting

Club Safeguarding Officers and instructors/coaches who teach/coach under 18s must hold a current certificate through the Disclosure and Barring Service, Disclosure Scotland or Access NI as appropriate.

Certificates must be renewed every three years.

Organisations should have a safe recruitment process that is followed with coaches, consultants and volunteers.
